

# Caramel Apples in a Dish

(Yummy & easier to eat than the apple on a stick!)

In Vent 'n Serve medium shallow mix:

- 1 cup firmly packed brown sugar
- 1/2 cup heavy cream (not whipped)
- 4 Tbsp. white Karo syrup

Stir to combine then microwave on high power for 1 minute. Stir. Microwave 1 more minute on high power.

To serve: Spoon over individual dish servings of chopped apples.\* (Can add chopped nuts.)

Options: Serve over vanilla ice cream (or your choice of flavors)

Mix chopped apples into caramel and serve over ice cream!

Can store in refrigerator and reheat on 50% power.

\*To chop apples the easy way: Quarter and core the number of apples you want to use. Put two apples at a time in the Tupperware® Quick Chef. Turn handle 2 or 3 times for “chunky” apples. Turn as many times as you wish for fine chopped apples.

(On a day that is full of challenges...just eat the caramel straight from a spoon!)
