Hi_____ this is _____. I'm calling because I'm starting my own Tupperware business and am looking for people to host my first parties and I thought of you! The great thing is you earn gifts for doing that! How would you feel about getting friends & family together so I could do a "Show & Tell" party, plus there are some great specials going on!
If yes: Great…..let me look at my calendar & see what I have open…...do you need a daytime or evening? (They answer)
