

FUN FOR KIDS!

Sidewalk Chalk

$\frac{3}{4}$ cup Plaster of Paris

$\frac{1}{2}$ cup water

1 tsp dry tempera paint or 2 tsp liquid tempera paint.

Mix all ingredients well and pour into a toilet paper tube that has one end taped shut. Set tubes up on end in a container with sides to dry. Some water will come out while drying. Tap the tube to release air bubbles. Let harden until the sides are very hard when the tube is squeezed. Unroll the paper tube. Make one large piece of sidewalk chalk. Use on sidewalks only and store in your Tupperware Sandwich Keepers.

Silly Putty/ Goop

1 cup Elmer's school glue

$\frac{3}{4}$ cup liquid starch

Food coloring

Mix all ingredients together in a bowl. Use hands to mix and knead. It will take several minutes to get the ingredients well mixed.

Homemade Bubbles

1 cup liquid dish soap

1 cup glycerin

3 cups water

Stir gently. Skim the foam off the top of the solution. Makes great bubbles!

Handy Wipes

2 Tbsp baby bath

$\frac{2}{3}$ cup water

2 Tbsp baby oil

1 roll quality paper towels (cut in half crosswise) Viva are best!

Mix liquid ingredients. Set the half roll into a container. The Prep Essentials Mix N' Stor Pitcher* works well for these so that you can remove center seal to pull out wipes. Pour the mixture over the paper towel roll & let mixture soak into towels. Carefully pull the paper towel tube from center of roll. Towels will pull up from center.

*For "square" storage use Modular Mate Square 3 with seal. Remove seal to get wipes.

Edible Play Dough

1 cup peanut butter

1 cup powdered milk

$\frac{1}{2}$ cup honey

1 cup oatmeal

Mix ingredients well in a bowl. Enjoy!

(Optional: food coloring – Divide into four parts & knead in colors of your choice)
