

## I Dare You!

Instead of counting the Yes's  
We are going to count the No's

When speaking to people you meet every day....  
Give them these choices !!!

How would you like to join me in Tupperware and receive your  
Tupperware at a discount all the time.....

**Or**

Even better, help me with my business by hosting a Tupperware  
party with your family and friends and help yourself to Free Gifts!

**Which would you prefer to do?**

**I dare you to:**

**Try this 10 times per day for 10 days.....**  
and see what your results are?

**We are looking for the person with the most No's**
