

Tupperware®

Party Day/Date: _____

Party Time: _____

Dear _____,

I am really looking forward to your party!!! I want you to know that your party is very important to me and I appreciate your willingness to be a Hostess. I will call you before your party to see how many guests you will be expecting and go over any necessary details. Here are a few tips on having a successful party:

- (1) **Fill out the guest mailing list as soon as possible and mail it to me.** I prepare and mail invitations to your guests and I want them to know in time to respond to you. Put as many names on the lists as you can because, believe me, the more names the better. If you invite 40 people, you may get 10, no matter how many “yesses” you hear. The minimum number to invite is 28. If I gave you the multiple copy forms, keep the pink copy so you can follow up with them and remove the carbon paper before sending the top two copies to me. If I gave you the non-carbon forms, you can make a copy if you want so you can call your invited guests...and feel free to fax the list to me.
- (2) **Plan for refreshments to be simple:** something wet and dry. .like coffee and rolls, cake and pop, etc. No one expects anything heavy, so make it easy for yourself.
- (3) **Make reminder phone calls.** ☹ This is important because it really works. It shows that you are involved and wanting them to come. There are many distractions and some just forget for a moment. I don’t know how many times I have heard, **“If only you had reminded me!”** I have to admit, I really appreciate getting a personal invitation myself.
- (4) **Outside orders:** for every \$100 in Tupperware ordered before the party, I will give you an additional gift. These orders must paid for before the party.

*I want to help you have a successful party so you can benefit as much as possible with **FREE** Tupperware.*

Remember: Mail or fax the guest list to me in 3 days! Thanks!
