

Culinary Collection Dating Script

Hi there _____ this is _____ your Tupperware consultant! Don't worry! I am not calling you today to date a party OK! I was just calling to see if you could help me out with a survey I am doing. Tupperware has asked some of their top managers (consultants) to find 10 people who would be willing to take part in a survey to get their opinions on a brand new product line. It is called our Chef series culinary collection and it is the most fabulous cookware on the market. You would really be helping Tupperware by providing us with some valuable market research. As such a great customer I really value your input! I promise all I will bring is the Culinary collection cookware! Can I count on you to get a couple of friends over so that I can come and show you this cookware to gather opinions on this product line?? Will _____ or _____ be good for you? Great! I will see you then!
